No opposition was expressed Tuesday night, at the Planning Board hearing, to the proposals to rezone five areas of Wilmington for industry.

The rezoning will be the subject of a Special Town Meeting to start at 1:30 pm Saturday in the Herbert C Barrows Auditorium.

The Planning Board is expected to approve all five articles, and the Finance Committee has already approved the Planning Board action.

The 6th article concerns ap-

proval of the Planning Board action in renaming streets, to prevent duplicate names. The Finance Committee has already placed its stamp of approval on the action.

The 7th article, asking for money and authority to take land for a well field, off Chestnut Street, has had an approval by the Finance Committee, of a sum of money totaling \$90,000. \$75,000 of this is for the development of the well field, and \$15,000 is for the purchase of the land.

## JEANNE IS THE BOBBY JONES OF SKATING

Jeanne Ashworth, in winning again the North American Outdoor Championship, at Lake Placid New York, last weekend has become the only skater in the United States to hold all four major titles at one time. As in golf, there are many titles in the Speed Skating world. One man in golf, and one man only, Bobby Jones, in the 1920's, won all four major titles.

and Jeanne is the only person, male or female, who has

at one time held:

The National Indoor Speed Skating Championship.  
The National Outdoor Speed Skating Championship.  
The North American Indoor Speed Skating Championship.  
The North American Outdoor Speed Skating Championship.

## HIGHWAYS HEAVE AND WATERMAINS FREEZE

The extensive cold of the past two weeks has caused part of Interstate Route 93 to heave, as a result of frost.

North of the Woburn Street bridge, on the northbound side 'waves' have developed, which, some Wilmington motorists have told the Town Crier, cause their cars to jump ½ feet off the highway.

The motorists admitted that they were doing about 65 mph at the time.

The extensive frost has also frozen many water services in town, and some water mains. Kiernan Avenue, in the opinion of the Water Department, was the worst case. Blow torches had to be used on the water main, which was buried under 54 inches of soil.

Had the main being other than wrought iron, the Water Dept. Superintendent states, it would have broken when it became frozen.

Composition type water mains in several adjoining towns are reported to have broken, as a result of their freezing.

(Wilmington Health & Water Department Officials advise that water service lines to private homes can still become frozen, because of the deep frost. Household should keep a small trickle of water running, on cold nights, to prevent this mishap)

## PLAN TO SHIFT TOWN WELFARE OFFICES

A plan is being discussed in the Town Hall whereby the Town Welfare Offices, including the Public Health Nurse, will have their offices shifted into the Gardner Building, on Main St. The Town Accountant would then be transferred upstairs into the present Welfare Offices, and he would be provided with an assistant.

The Town Treasurer may possibly be shifted into the same part of the Town Hall.

## WATER MAIN EXTENSION

### HEARINGS TONIGHT

The Board of Water Commissioners will hold their annual hearing tonight, in the Town Hall, on extension of water mains, under the Betterment Act.

Four mains are asked for this year, on Marcia Road, on Ballardvale Street, on Lawrence Street and on Butters Row.

The Commissioners intend to discuss an 8 inch main for Ballardvale Street, and perhaps a 12 inch main for Butters Row, the latter because of the new standpipe off Hillside Way.

Opposition is expected in some instances, particularly on Ballardvale Street, where two landowners have extensive frontage, and possibly on Butters Row.

## NOSTALGIA OR HOPE

You wonder where the zeal all went  
at the switch to TM government.

No, no, it doesn't have to be so, we argued  
with the fevered citizen from a neighboring  
town which defeated town manager plan a year  
ago. We too can have fun trying to be dog-cat-  
cher, fence-viewer, or assessor.

We voted two to one that we can get better  
government by businesslike appointments of well  
qualified persons for minor offices, than by  
running a popularity contest. All we need is  
to have plenty of volunteers for those offices  
and for positions on boards. We are able to get  
quiet, unspectacular but able men who would  
hesitate to get into a political brawl. They  
can apply at any time to the town manager, for  
a place now open, or for one that might occur  
at any indefinite future time.

A flood of applications, or better still, a  
torrent of them, could quickly revive the old-  
time excitement we used to feel during these  
weeks before town meeting time.

## LETTERS

34 Brentwood Ave.  
Wilmington, Mass.  
Feb. 6, 1961

Dear Larz,

I'm fairly certain that you  
will be writing an article  
commending the street depart-  
ment for the fine job they did  
during, and immediately after,  
the Feb. 4th snow storm.  
They truly did do a remark-  
able job cleaning, not only

the streets, but also the park-  
ing lots of the various church-  
es in the town. This could  
just possibly be considered as  
'above and beyond the call of  
duty'.

They deserve the heartfelt  
thanks of all the residents of  
this community, and I, for one  
publicly extend mine.

Very truly yours,  
George F. Quinn

## DEVOLUTION

On Ham's face, a triumphant smirk;

You see, he did not go beserk.

Physique and mind stayed in top shape;

Man soon will try to ape the ape!

Dear Larz

We have read with interest  
the article entitled 'Silver  
Lake Insurance Differential  
Keyed' in the January 26 edi-  
tion of the Town Crier.

This letter is not meant, in  
anyway, to detract from the  
fine work of the two gentlemen  
in their successful efforts to  
reduce the fire rate in the  
Silver Lake, South Tewksbury  
area. We feel obliged, however  
to bring to your attention  
facts that we feel are pertinent  
to the subject.

The Insurance Company of  
North America, the oldest  
stock company in the United  
States, founded in 1792 and  
represented by this agency  
since 1933, has for many years  
written fire policies on dwell-  
ings in the Silver Lake area  
at the same rate that is charged  
throughout the Town of Wil-  
mington.

Many people in this area have  
at present a fire insurance  
policy in force which reflects  
the low rate.

Very truly yours,  
Bedell Brothers Insurance

Dear Larz

Your editorial in regard to  
the United Church of Christ,  
in which the Wilmington Congre-  
gational Church is now a partic-  
ipating member after the  
unanimous vote at our Annual  
Meeting, was much appreciated.  
Two of your statements could  
easily be misleading however.  
It is important to clarify  
these points.

The United Church of Christ  
is not to be confused with the  
recent suggestion of Dr. Eu-  
gene Carson Blake at the meet-  
ing of the National Council of  
Churches in San Francisco,  
which has created such wide  
public interest. The United  
Church of Christ is a merger  
between the Congregational  
Christian churches and the  
Evangelical and Reformed  
churches only, which has a  
distinct history of negotia-  
tion over the past fifteen or  
twenty years.

Now, the United Church of  
Christ is one of the four major  
denominations (Methodist,  
Episcopal, Presbyterian, and  
United Church of Christ) just  
beginning to negotiate a fur-  
ther union since Blake's pro-  
posal in San Francisco. It  
happens that the United Church  
of Christ is the first merger  
between different protestant  
polities (forms of church gov-  
ernment) in the history of American  
protestantism.

The other point is that  
neither the Congregational  
Church in Wilmington, nor any  
other Congregational church in  
the United States which may  
have voted affirmatively (as  
the overwhelming majority did)  
did not surrender any 'independ-  
ence' whatsoever. They have  
taken on more of the purely  
voluntary responsibilities  
which they already had as Con-

(cont Pg 5)

## TOWN NOTES

### Weather

Sunday, for the first time in  
16 days, the temperatures in  
Wilmington rose to a point  
above the freezing mark, and  
there have been temperatures  
as high as 40 since then, al-  
though the thermometer still  
drops to zero at night.

It was 18 degrees below zero  
a week ago tonight, - which  
was cold enough.

Our snowstorm of last Friday  
and Saturday produced a total  
of 15 inches - or .34 inches  
of rain.

### You Think it was Cold?

If you think it was cold here  
you should have been up to  
Lake Placid for the North Amer-  
icans.

The temperature there was  
from 30 to 40 below, and on  
the hottest day the tempera-  
ture got up to zero. Everyone  
spent their time (when they  
weren't skating) just keeping  
their cars going. The Tighe  
family and the Waugh family  
went through it all - from  
Jan 30 to Feb. 6th. Jeanne, as  
everyone knows, spent Wednes-  
day in Wilmington, and didn't  
get there until Feb. 2nd.  
The nice thing that the Tighe  
and Waugh families have to re-  
port about all that sub-zero  
temperature was that there was  
(fortunately) no wind.

### Can't Please Everyone

Generally speaking the High-  
way department did a wonderful  
job with that 15 inch snowfall  
- but you should be the editor  
of a country newspaper at such  
a time.

For instance - Sunday the  
State plowed Main Street, with  
several trucks in tandem - a  
real high speed job.

Snow was thrown up against  
the store windows, to a depth  
of about six feet, in Wilming-  
ton square - and were the mer-  
chants peeved, on Monday morn-  
ing. They sat down and began  
to write letters to the Cham-  
ber of Commerce.

We went up and took a snap of  
Postmaster Henry Porter with  
the snow almost up to his ears  
(Henry is over 6 feet, we will  
hazard) - and promptly broke  
the film, Henry having a mag-  
netic or something personality.  
Breaking that film spoiled  
another picture - that of Tom-  
my Barron of Parker Street.

It seems that a new man is  
assigned to that section, for  
the town snow plows, and the  
new man didn't know about the  
road that goes down past Carl  
Salmonson's.

So Tommy cranked up his trac-  
tor, and plowed out for his  
neighbors, and we took a pic-  
ture - but without results on  
our part.

Then there was the lady on  
Marie Drive. The snow from one  
of the streets in Hathaway  
Acres was piled up at the end  
of the street, threatening her  
house, if it slid down the  
slope. She was worried, and  
afraid it would avalanche into  
her home. We didn't get time  
to go look, but we asked a  
friend, and he agreed with her.  
Let's hope something has been  
done to alleviate her fears.  
To get back to the snow in  
Wilmington Square - it was re-  
moved Monday night by the High  
way Department, and the job  
cost the town \$1600, if that  
is any comfort to the taxpayer.  
The Highway Supt. figures, we  
hear, that the help made \$40  
more than he did, this past  
week.

### The New Tractor

The new sidewalk tractor is  
finally out on the streets -  
we saw it first on Jan. 14th.

One of our friends is of the  
opinion that the reason it was  
not used in December was to  
save a year's expenses on Re-  
gistration, etc. He might be  
right.

### We Wonder

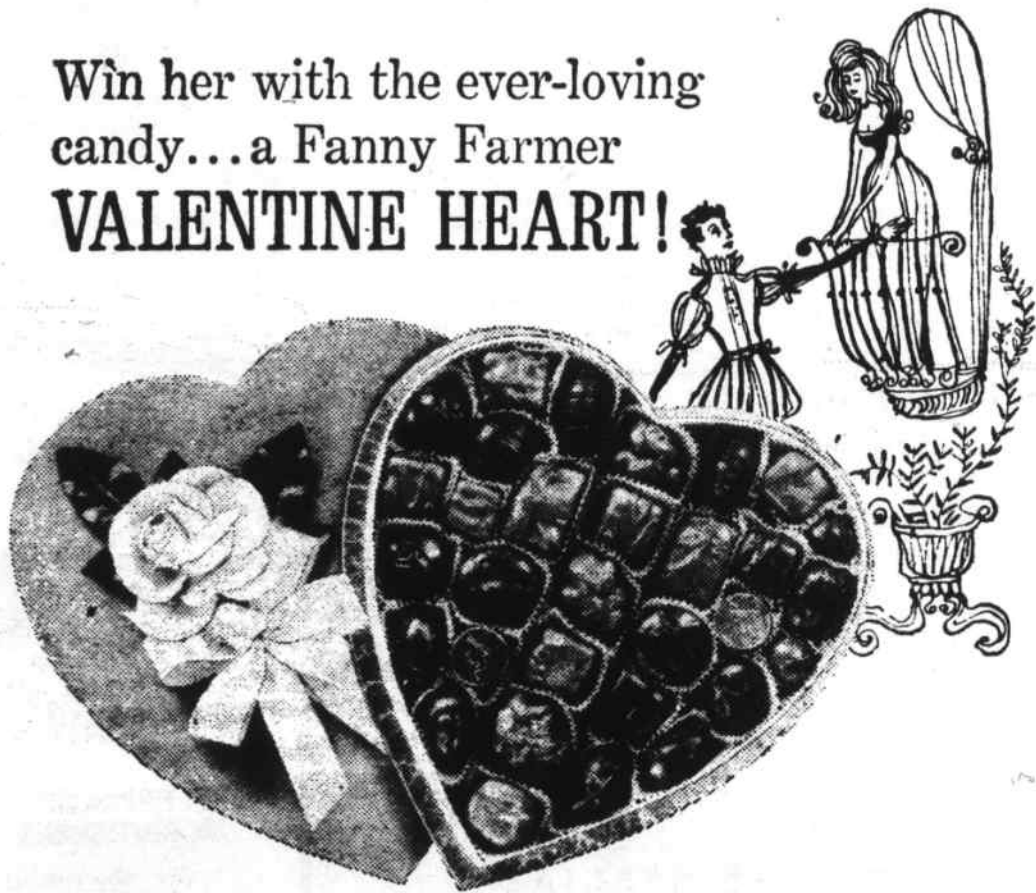

We don't have the time, or we  
would be down on Silver Lake  
boring a hole - just to see  
how thick the ice is.

### Frozen Traffic Light

We had a report from one of  
our readers, yesterday morning  
after the temperature had  
dropped to zero the night be-  
fore.

Our reader said that the

Since then we have been sitting in our office, just imagining what a tie up there must have been, of Avco workers on their way to the job.

And, being the type of person we are, we must confess we have enjoyed it.

#### Rare Aplomb

Just a note on how some personages are able to continue in spite of difficulties and errors.

George Spanos, Honorary Mayor of Wilmington, was the guest of the Rotary Club, a couple of weeks ago, and of course was so introduced.

The Speaker of the Day, who came from the Boston Patriots, mistook George for the real thing - and so addressed him. George didn't disillusion the gentleman - didn't want to hurt his feelings.

The other case was that of Glen Connolly, now a candidate for the School Committee.

Glen comes under the heading of being an electrical genius, teaches the science at Tufts, etc etc.

He was speaking at the JC meeting, last week, in their new meeting place - the old West School.

The lights went out - which, of course shouldn't happen to anyone, not even an electrical genius - but it didn't faze Glen.

He kept on speaking, in the darkness - and we hope the JCs saw the light.

#### Right Tackle

Competition was unbelievably tough, in the North American Outdoor Championships, Junior Boys Division, last week.

A large number of boys qualified for the final races in each distance, and it got to the point where they compared themselves to a football team, taking positions of right end, left half back, etc., in a joking sort of way.

In that 880 yard race, for instance, where Jeff was disqualified, there were 18 boys. Jeff's position?

#### Right Tackle.

#### The Corner of His Mouth

Our old friend who talks out of the corner of his mouth has been talking again, from near his trashcan in Wilmington Square.

It seems that one of his friends in the Police Department was seen to be walking, in a distant part of town, the other day. The cop was offered a ride, by a person who suspected the Police Cruiser had broken down.

When our friend heard of this he had his usual comment: viz-

'The Police Cruiser never breaks down. It simply gets smashed up.'

#### RALPH CURRIER HONORED

A long record of public service was recognized, in the Hotel Kenmore, Boston, on January 27th., when State and Municipal officials tendered a fare-well dinner to Ralph Currier of Boutwell Street. Mr. Currier retired as the State Registrar of Vital Statistics on Dec. 31.

Master of Ceremonies was Mortimer C. Dennett of Hopedale, President of the Mass. Town Clerks Association, and among those who spoke were Secretary of State Kevin H. White, and Paul Burns, Legislative Counsel for Mayor John Collins of Boston.

A scroll, in recognition of his service, signed by Kevin White, Secretary of State; George P. Hasset, Monte S. Basbas, President of the Mass.

City Clerks Association, and Mr. Dennett, was presented by Mr. White.

Several of Wilmington's Selectmen were among those present.

Mr. Currier was first elected Town Clerk of Wilmington in 1928, and since then has served on the Wilmington Finance Committee and Wilmington Housing Authority.

He was elected to the State Legislature in 1935, and was

appointed Confidential Secretary of the late Secretary of State Frederic W. Cook in 1937. Since 1953 he has been a director of the Reading co-operative Bank.

**TRUCK WASHING PLANT**

PROPOSED IN SO. WILMINGTON  
Stobbs Realty, of Hingham is proposing to erect a truck washing plant, in South Wilmington, near the Woburn line, at the foot of Woburn Street. Facilities are being planned to wash 6 to 10 tank-trailers overnight.

The Wilmington Department of Public Health has said that, as far as their department is concerned it would have no objection, providing that all the wash water is sent into the MDC sewer, being constructed now in that area.

If this cannot be done, the Department of Public Health has stated, it will be necessary to provide proper plans, percolation tests, etc., for the sewerage.

## MISTAKENLY DISQUALIFIED FLUKE ROBS JEFF OF CHAMPIONSHIP

Jeff Williamson, Wilmington High School Sophomore, was robbed of the North American Championship, Junior Boys Speed Skating, last weekend at Lake Placid New York.

The 15 year old son of Mr and Mrs John Waugh of Lowell St. would have been declared the champion in the Outdoor races had he not been disqualified for 'weaving' in the 880 yard race, by Referee George Hare, of Gouverner, N.Y.

Jeff was disqualified when he was observed by the Referee to

'weave' in front of his opponent, a practice that is strictly forbidden.

But Jeff was not weaving, as the opponent later admitted. He was recovering his balance, after having had his skate accidentally struck by the other boy.

Wilmington Skating Club officials, who saw the whole episode, declare that Jeff should have been declared the victor of the Championship matches.

TOWN OF WILMINGTON  
BOARD OF APPEALS  
PUBLIC HEARING 6-61

A public hearing will be held in the Town Hall at 8 pm March 7, 1961, on the petition of John J. Ambrose, Sherwin Williams Co., 240 Main Street, for a variance for a sign on the above property, owned by the De Moulas Realty Co.

They emphasize that Hare, who is one of the best Refs. in the skating world, did not see the accident, and only saw the aftermath. No blame is put on Mr. Hare. 'It was one of those breaks!' J. Tighe, former president of the Wilmington Skating Club, and of the North eastern Skating Association, declared.

(Hare was the Referee of the Eastern Seaboard Races, held on Silver Lake, two years ago) Jeff was declared the fourth place winner in the classic race. Had he not been disqualified in the 880 yard distance, he would have been the first place winner for the match.

Jackie Walters of Brighton and Roger Capon of Champaign, Ill. tied for first place, with 13 points each.

Jeff Faster Than Jackie Jackie, who has been skating since he was three years old, has long been the ruler of his division, but Jeff, now in his fourth year of skating, has shown conclusively in the past few months that Jackie can be beaten.

Jeff generally defeats Jackie in any distance over 440 yards and has defeated his opponent (on Silver Lake, this winter) in the 220 yard distance.

gregationalists but they have not surrendered an iota of independence. They are as 'independent' as they ever were. The United Church of Christ voted to adopt, explicitly states in Paragraph 21: 'The autonomy (independence) of the local church is inherent and unmodifiable (now or at any future time) except by its own action.'
